Abey Alfresco Sink with foldable Tap (FRA500T)

Alfresco Sink with foldable Tap

The Alfresco Sink with Foldable Kitchen Mixer represents the latest innovation in Abey's Alfresco range. This premium kitchen sink and mixer are crafted from extra-thick, durable 16-gauge Marine Grade Stainless Steel, making them ideal for outdoor spaces. The Kitchen Mixer folds down neatly when not in use, while durable Fibre Rock Sink Covers can be placed over the sink to protect both the sink and the tap, ensuring longevity and a clean, streamlined appearance.

FRAT500

Alfresco 500T

L 540mm x W 540mm x D200*mm

*200mm depth is only to the tap ledge. Overall sink depth is 240mm.

An Alfresco area would not be complete without a Sink and Kitchen Mixer that can stand up to the elements. Abey has created a range of 316 Marine Grade Stainless Steel Sinks and Kitchen Mixers which are functional as well as inspirational.

Marine Grade Stainless Steel 316, due to the presence of molybdenum, is considerably more resistant to corrosive environments than the standard 304 stainless you will find in many indoor kitchen sinks and tapware. Marine Grade 316 is appropriate and suitable for sea water environments, coastal and marine applications. Because of its greater resistance to oxidation, it is the only choice for an alfresco area.

Alfresco Party Sinks

The Alfresco Party is the latest evolution of Abey's Prepstation range. This Party Prepstation is the perfect centrepiece for home cocktail parties.

The sink is thermally insulated and kitted with an ice bucket, a double bottle holder, and 2 Fibre-Rock® covers/boards.

Manufactured from 316 Stainless Steel, it is the perfect addition to an outdoor alfresco area.
